Seminar on “Smarter Workflows, Connected Collaboration: Discover AutoCAD 2027”

Date : 27 June 2026 (Sat) Venue : Ames Hotel Melaka
Time : 8:30 am to 12:30 pm
Fees : RM40.00 (For Member) & RM80.00 (For Non-Member)

IEM Approved CPD Hours: 3
Ref. No: IEM26/MEL/232/S
CIDB Approved CCD Points: 5
Ref. No: CIDBML/CMS/2026/64014

SYNOPSIS:

Join this exclusive workshop to discover how AutoCAD 2027 is transforming design workflows with AI-powered automation, connected collaboration, and productivity-driven tools.

Learn how next-generation AI features help reduce manual work by surfacing intelligent guidance, automating repetitive tasks, and improving drafting efficiency. Explore Connected CAD workflows with Forma Data Management Essentials, enabling centralized cloud storage, better version control, and seamless collaboration across architects, engineers, consultants, and project stakeholders.

The session will also showcase AutoCAD’s built-in productivity tools and content libraries that help standardize deliverables, minimize rework, and accelerate project completion. Attendees will gain practical insights into improving workflow efficiency while maintaining design consistency across projects.

Ideal for architects, engineers, construction professionals, manufacturers, CAD managers, and Autodesk partners, this workshop provides valuable strategies to modernize workflows and improve project collaboration using the latest innovations from Autodesk.

ANNOUNCEMENT NOTE

1. Non-member may also attend the Seminar and will be charged a registration fee of RM30 and an administrative/preparation fee of RM50
2. Telephone reservation will NOT be entertained.
3. Limited seats are available on a “first come first served” basis.
4. TAM/IEM member are required to produce your membership cards for confirmation of attendance (CPD/Membership Rate purpose)
5. Latecomer will not be allowed to enter if the venue allocation is full nor be entitled to CPD.

TAM/IEM/MBA members who fail to produce their membership cards will be charged as non-member rate

Technical Presentation By:

Name: Syed Dzulkarnain Bin Syed Yacob

Position: Manager, Solution Consultant – Autodesk Engineering Industry Convergence

Qualification: Holds a Bachelor of Bachelor of Engineering (Industrial Design) from UniKL MIDI - Malaysia Italy Design Institute. .

Working Experience: With over 16 years of experience helping organizations adopt and optimize CAD, CAM, CAE, BIM, and Product Data Management solutions. He leads a team of engineers across the region, guiding industries in Design & Manufacturing, Architecture, Engineering & Construction, and Media & Entertainment to modernize workflows and embrace connected collaboration. Syed has played a key role in advancing BIM–Manufacturing convergence, integrating innovative solutions into engineering portfolios, and driving customer success through strategic partnerships. Syed is an Autodesk Certified Professional, Associate, and Instructor for AutoCAD and Inventor, and has been a featured guest speaker at Autodesk events across Asia. Recognized for expanding engineering portfolios and integrating innovative solutions, he is known for translating complex technologies into practical strategies that modernize workflows, enhance collaboration, and improve project outcomes.
